

POMPUNIT
Kubota D1105 / Munckhof WM70
HW-nr.: 1357000

Technische specificaties

- WM70 plunjerpomp, drukregelaar, manometer, Technodrive PTO overbrenging 1:5
capaciteit: 51ltr/min., werkdruk: 60 kg/cm²- 60 bar
- Kubota D1105 3 cilinder watergekoelde dieselmotor 26 pk / 19,5 kW @ 3000 rpm
- Radiateur bescherming en elektrische starter
- Inhoud brandstoftank 30 ltr.
- Geïntegreerde hydrauliek unit
capaciteit: 19ltr/min –150 kg/cm² –150 bar
tank 50ltr
ventiel / flow regelaar
- Op buizen frame met diepocell buffers t.b.v. trilling
- L x B x H: ± 145x80x127 cm
- Gewicht: ± 440 kg
- Opties: gemonteerde zuigslang met zuigkorf
gemonteerde retourslang
gemonteerde hogedrukslang(en)
vaste opstelling
droogloop beveiliging

PUMPUNIT
Kubota D1105 / Munckhof WM70
HW-no.: 1357000

Technical specifications

- WM70 plunger pump, pressure regulator, manometer, Technodrive PTO transmission 1:5 capacity: 51 ltr/min., pressure: 60 kg/cm² -60 bar
- Kubota D1105 3 cylinder water-cooled diesel engine 26 hp / 19,5 kW @ 3000 rpm
- Radiator with protection and electric starter
- Capacity fuel tank 30 ltr.
- Integrated hydraulic unit
 - capacity: 19ltr/min –150 kg/cm² –150 bar
 - 50ltr tank
 - valve / flow regulator
- On frame, 6x diepocell shock absorber
- L x W x H: ± 145x80x127 cm
- Weight: ± 440 kgs
- Options:
 - fitted suction hose with suction basket
 - fitted return hose
 - fitted high pressure hose(s)
 - fixed support
 - run dry protection
